### NAME CHANGE AND/OR REASSIGNMENT INFORMATION

I am requesting that the changes below are made to my license under the provisions of Title 10, Chapter 1702 Occupations Code, as amended.

↑ THE ABOVE SPACE IS RESERVED FOR OFFICE USE ONLY ↓

I understand that I may not engage in any business, or provide or offer any service for which I am not currently licensed until all requirements to effect the change I am requesting have been met under the provisions of Title 10, Chapter 1702 Occupations Code.

I understand that a new pocket card(s) and a new certificate of license may be issued by the Private Security Program which will reflect the change made.

I understand the following requirements for Assignment of a license:

- Assignment of a license is permitted only where the majority of the owners of the original licensee consent to the assignment and will maintain a majority ownership in the proposed assignee (the new company).
- For example, if a sole proprietor wishes to assign his company license to a corporation, he or she must maintain at least 51% ownership in the corporate stock. Otherwise, a new license is required. Similarly, the assignment of a corporation's license would be permitted only if a stockholder's majority consented to it, and this same set of persons would be the majority owners of the new company.
- Alternatively, should a partnership in which each partner owns 50% wishes to dissolve, with one partner taking over the business, no assignment would be permitted. In this case, neither partner owns a majority of the company, so neither can consent to the assignment.
